

“Gateway Dental Program”

To the Parents/Guardians of Students Attending Enterprise Charter School:

UB School of Dental Medicine (SDM) is excited to offer the “Gateway Dental Program” to the students attending Enterprise Charter School.

Please read the following to see if your child is eligible:

- If your son/daughter does not already have a dentist and is in need of treatment, please complete and return the attached form to his/her school immediately.
- The form must be completed in entirety. **Please include either the child’s Social Security number or insurance information.** This information is needed in order to verify his/her insurance coverage.
- The SDM will provide round trip transportation to the School of Dental Medicine, 3435 Main Street, Buffalo, NY 14214. The program was designed so he/she will miss a minimum amount of time in school. A representative from the school accompanies each bus.
- We want to make it as convenient as possible for your child to receive care so we will handle any billing to your child’s insurance company. You will only be responsible for charges and copays not covered.
- If you would like your child to participate you must complete the attached forms and return them to your child’s school immediately.

This Program has created the opportunity for your son/daughter to receive much needed dental treatment. Our goal is to make sure that each child has a dental home and that barriers to care are removed.

If you have any questions, please call me at 803-3699 or by e-mail at juliecai@buffalo.edu

If you have another child/children, or if you or a member of your family are in need of a dental home, please call our office at 829-2723.

Sincerely,

Julie Caizza, RDH
Program Coordinator
